5 Session Plan

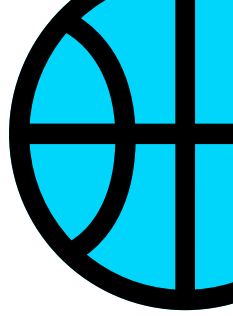

1 theory meeting - 3 In lesson support - 1 reflection session
£275

3 Session Plan

1 theory meeting - 1 In lesson support - 1 reflection session
£195

TEACHER CONSULTATION

Theory Meeting

This is a meeting which takes place out of the classroom. We meet with the teacher to explain the JCPE philosophy and also the theory behind teaching PE. This gives a much more time effective experience and allows us to get the most out of our time working together.

In Lesson Support

Next steps are to support the teacher in delivering the type of lesson which was explained in the theory meeting. We do this with a team teaching approach, allowing the teacher and ourselves to deliver a more effective lesson but also reflect on our own practice.

The Reflective Session

This session is to give the teacher a last opportunity to ask any questions about our time working together and any questions regarding the philosophy, before moving on to teach on their own once more. If the teacher feels this session is not needed, an extra 'In Lesson Support' can be used where a new PE topic can be explored together in a team teach environment.
